### 2023 - In the Rear-view Mirror

2023 had many challenges, but our team and volunteers supported us through it all.

Flood at the shelter in March caused an emergency call for assistance. With lots of work, we recovered.

Hurricane Lydia in October whipped through the shelter, and caused considerable damage, but our volunteers and local supporters rallied to help. Not an option to stop!

With many fundraisers from taco eating, bingo, Gala, and local market sales we continue our mission. Join us!

### Our People

Meet Angie – Senior Volunteer since 2021.

Angie has been an amazing helper, stepping up and stepping in everywhere she is needed. She works hard walking 3 little dogs at once who have never been on leashes, and that is not an easy task. She treats all the dogs with so much love and patience teaching them all how to be sweet little pets for their future homes. Over the years she has taken many fosters into her home and loved them all.

Thank you, Angie!
